

# *Bodegas Inurrieta*

## Orchidea Sauv. Blanc Sobre Leas (Navarra)

### The Producer

The name Inurrieta refers to the region where ancestors of the Inurrieta family have cultivated vines for a century. The vines currently cover 200 ha.

Situated between the villages of Falces and Miranda in the Ribera de Navarra, the winery is in a micro climate produced by the river Arga. The atlantic and continental climate provides fresh, humid Northerly winds during the summer and autumn which enhance the aroma and colour of the wines. The clay soils bring freshness and power to the wine.
